- (3) Sales of commodities not produced on the premises may be permitted provided such commodities are specified and approved as a part of the application for a Conditional Use, provided the Planning and Zoning Commission determines that such sales will not become a detriment to the existing residential character of the lot or neighborhood through a resulting increase in traffic, noise, vibration, glare, fumes, odors or electrical interference or any other factor resulting in an adverse impact.

- (4) Organized instruction may be permitted provided the class size does not exceed six (6) pupils during any one period of instruction, provided the Planning and Zoning Commission determines that such organized instruction will not become a detriment to the existing residential character of the lot or neighborhood through a resulting increase in traffic, on-street parking, or any other factor resulting in an adverse impact.
